

AGENDA

Irrigation District Elections Work Group

Tuesday, June 18, 2019

9:00 a.m. – 12:00 p.m.

Via Webinar

WORKGROUP AGENDA:

How do we better identify voters?

- Adequate access to the right data?
- What's working now? How do we know? Will they continue to be adequate and accurate into future? (e.g. urbanization / development impact)
- Are their models of procedure? (e.g. conservation districts?)
- How does information flow between relevant offices – what is interaction between Assessors and Auditors?

How to get the word out?

- How improve existing and implement new means of informing eligible voters? Who is involved when an individual purchases the property that make them eligible and how can they contribute to informing?
- Who does this well and how do we know?

In what ways is current RCW a barrier? (e.g. witness signature on absentee ballots)

- How are other weighted voting systems legislated / operated?
- What guidance exists to ensure uniformity in compliance with the RCW?

What does ongoing oversight / accountability of the system look like?

- Implications for other special purpose district elections?
