Re: Notice of Review Results for Property ID(s)/Parcel #(s) XXXX/XXXXXXXXXX000  
in Designated Foret Land (or Current Use Farm and Agricultural)

Dear Landowner:

We have completed our review of the above referenced property for continued compliance in Designated Foret Land (or Current Use Farm and Agricultural).

Thank you for providing our office with the requested information so that we could determine whether your property continues to qualify as Designated Foret Land (or Current Use Farm and Agricultural). After consideration of the information provided, review of the files, aerial photographs and/or property visits, we have determined that your property qualifies for continuance in the above referenced Designated Foret Land (or Current Use Farm and Agricultural).

This office, as directed by the Washington State Department of Revenue, will continue to review all properties enrolled in the various Open Space Current Use and Designated Forest Land Programs. This is to ensure that the properties are being managed and maintained according to the requirements of the specific programs in which they are enrolled, thereby helping to ensure that the shift in taxes created by these programs follow statutes and guidelines defined by the State of Washington.

It is the intention of the Assessor's office to help landowners remain compliant with each classification's regulations. We look forward to working with you in the future and encourage you to contact our office with any questions you may have regarding this letter or the process by which we made this determination.

Sincerely,

Bill Shanks

Current Use/DFL Administrator
